

# Accuread: precision counts

The only portable solution for semen analysis

Accurate

Species specific adaptation

Easy to use

Lightweight unit

Low maintenance

Easy to clean

Battery/100 to 240 V

Small and portable sperm cell density meter, Accuread operates on AC and battery. Direct reading of concentration through long life LED source combined with fibre optic (no filter). Also displays results in direct concentration or absorbance. RS 232 plug enables printing.

WORLD LEADER IN REPRODUCTION BIOTECHNOLOGIES
